

SDS-III Eyewire

Pre-tied Wire Assemblies

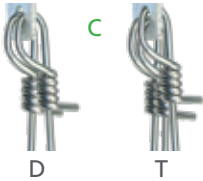

- SDS-III Eyewire - Designed to fasten to metal deck and joists
- Fastener Part # SDSIII
- Eyewire Part # EW__ SDSIII

Many other manufactured and custom assemblies are available. Contact CEAS for more ordering options!

**Actual pre-tied wire lengths are roughly 6" shorter than the length specified due to the wrap*

ATTACHMENTS

Note: If ordering single wire tie, you do not need to fill in column C

C = Add "D" for Double Tie or "T" for Triple Tie

Contractor:		Project Name and Address:	
PO#		Order Date:	
**All Orders are Custom and Therefore Non-cancellable and Non-returnable			

	A	B		C	Qty
	Length in Feet	Wire Gauge	Part #	Wire Ties	
EW			SDSIII		
EW			SDSIII		
EW			SDSIII		

How To Order

Step A - Determine the Wire Length

**Actual pre-tied wire lengths are roughly 6" shorter than the length specified due to the wrap*

Step B - Determine the Wire Gauge (12g typ)

8 Gauge (.162)
9 Gauge (.147)
10 Gauge (.135)
12 Gauge (.105)

8, 9, 10 and 12 gauge wire
typical tensile strength
= 70ksi (Meets ASTM A 641 Specs)

Step C - Choose Single. Double or Triple Tie

Add "D" for Double Tie or "T" for Triple Tie to the end of the part number when ordering

Part Number Example #1: **EW612SDSIII** = Eyewire, 6' Long, 12g Wire, SDS-III Eyewire

Part Number Example #2: **EW612SDSIIID** = Eyewire, 6' Long, 12g Wire, SDS-III Eyewire, Double Tie
