How To Order

Step A - Determine the Wire Length

*Actual pre-tied wire lengths are roughly 6" shorter than the length specified due to the wrap

Step B - Determine the Wire Gauge (12g typ)

8 Gauge (.162)

9 Gauge (.147)

10 Gauge (.135)

12 Gauge (.105)

8, 9, 10 and 12 gauge wire
typical tensile strength
= 70ksi (Meets ASTM A 641 Specs)

PTSL _ _
Step A Wire Length Step B Wire Gauge

Part Number Example #1: PTSL612 = Pre-Tied Single Loop Drop Wire, 6' Long, 12g Wire
