

Pneutek 1" Pin and Clip

Pre-tied Wire Assemblies

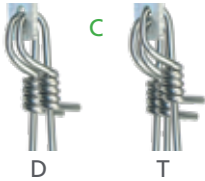

- Pneutek 1" Pin and Clip
- Assembly Part # CL1PNEU1
- Pre-tied Part # PT__ PNE1

ATTACHMENTS

Many other manufactured and custom assemblies are available.
Contact CEAS for more ordering options!

*Actual pre-tied wire lengths are roughly 6" shorter than the length specified due to the wrap

Note: If ordering single wire tie, you do not need to fill in column C

C = Add "D" for Double Tie or "T" for Triple Tie

Contractor:		Project Name and Address:

PT			PNE1		

How To Order

Step A - Determine the Wire Length

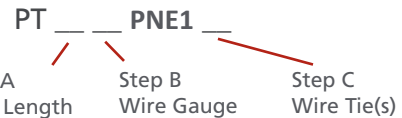

*Actual pre-tied wire lengths are roughly 6" shorter than the length specified due to the wrap

Step B - Determine the Wire Gauge (12g typ)

8 Gauge (.162)
9 Gauge (.147)
10 Gauge (.135)
12 Gauge (.105)

8, 9, 10 and 12 gauge wire
typical tensile strength
= 70ksi (Meets ASTM A 641 Specs)

Step C - Choose Single. Double or Triple Tie

Add "D" for Double Tie or "T" for Triple Tie to the end of the part number when ordering

Part Number Example #1: PT612PNE1 = Pre-Tied, 6' Long, 12g Wire, Pneutek Pin and Clip

Part Number Example #2: PT612PNE1D = Pre-Tied, 6' Long, 12g Wire, Pneutek Pin and Clip, Double Tie
